

# How do I register my child?

## First time to play for AYSO:

Go to [www.eayso.org](http://www.eayso.org) and follow the directions for first time player registration. Please remember to go through every screen and at the end print a copy of the player form to bring with you to registration. If you are not able to print the form, please make sure you have disabled your pop-ups. This is usually the only problem when it comes to printing.

Also, write down your email address and password somewhere so that you can access this information every year.

## Returning players:

Go to [www.eayso.org](http://www.eayso.org) and follow the directions for player registration. You will need last year's password to be able to access this. The registrar cannot help you with this process. If you cannot access your information because you cannot remember your password, please follow the directions on the [www.eayso.org](http://www.eayso.org) website. They will email you back your original password or help you create a new one. Please also remember to disable your pop-ups to be able to print the player and volunteer forms.
