

How do I register my child?

First time to play for AYSO:

Go to www.eayso.org and follow the directions for first time player registration. Please remember to go through every screen and at the end print a copy of the player form to bring with you to registration. If you are not able to print the form, please make sure you have disabled your pop-ups. This is usually the only problem when it comes to printing. Also, write down your email address and password somewhere so that you can access this information every year.

Returning players:

Go to www.eayso.org and follow the directions for player registration. You will need last year's password to be able to access this. The registrar cannot help you with this process. If you cannot access your information because you cannot remember your password, please follow the directions on the www.eayso.org website. They will email you back your password or help you create a new one. Please also remember to disable your pop-ups to be able to print the player and volunteer forms.

Bring with you to registration:

- Signed zero tolerance/volunteer points/new refund policy form. This can be found and printed from the forms section of our website at www.ayso84.org.
- Printed and signed player registration form for each of your players. We will NOT have computer and printers on-site to access this information as we have had in the past.
- Cash or check made payable to Region 84. Early registration is \$80 with a family maximum of \$200. After that Registration per player is \$110 per player with no family maximum.
- Two printed and signed copies of your volunteer form that can be accessed through www.eayso.org.
- Driver's license or a picture ID.
